They also assist our beneficiaries with resolving debt collection via a Debt Collection Assistance Officer Program (DCAO) and will provide priority assistance to any beneficiary who has concerns regarding a possible collection case. The TRICARE staff is also available to help verify if a collection action has been started for a particular beneficiary. Your local BCAC/DCAO contacts are Judith Monroe at 606-6785, e-mail, [Judith.Monroe](#), Fax 605-4785 or Bonnie Robles at 606-1959, e-mail, [Bonnie.Robles](#).

g. Access Is Power: TRICARE Online is a link to the Internet to provide its beneficiaries an opportunity to book medical appointments on-line. TRICARE beneficiaries have the ability to schedule online routine, wellness, and follow-up appointments with their Primary Care Manager and access millions of pages of health and wellness information with the click of a button. To schedule appointments, each person must build a profile and establish a password. For security reasons, should a beneficiary forget or lose their password, he/she will need to come into the TRICARE office at the clinic to retrieve the password. The POC for TRICARE Online passwords is Capt Andre Beamon at 606-5360. To gain access to TRICARE Online, you simply logon to the Internet, type in [www.tricareonline.com](#) on your web browser, and click go! Once you build your profile and establish a password, you are on your way to making your routine, wellness, and follow-up appointments with the click of a mouse.

h. Dental Monthly: Proper brushing techniques are key to maintaining not only a healthy smile, but a healthy body. Here are a few helpful tips: Try to brush at least twice per day. Use a fluoride containing toothpaste (a good rule of thumb is to select a toothpaste with the ADA accepted seal). Place your soft

bristled brush at a 45 degree angle and brush along the gum line. Spend a couple of seconds on each tooth working towards the front of the mouth. Be sure to brush all surfaces of the teeth with a total brush time of at least 2 minutes. Be gentle while brushing. It only takes soft strokes to remove new plaque. Vigorous brushing could cause gum irritation and sensitivity. Finally, ensure you are brushing your tongue to remove bacteria that causes bad breath. Hopefully these hints will help you obtain the dental hygiene you and your mouth deserve.
